Rich,

Pilings Plus are planning =n starting work on Wednesday June 29th . The plan is to be complete in =-5 weeks. It may be less. They can only work at low tide. The schedule =s based on tides and weather. If it is not low tide between 7:00 am and =:00 pm they won't be working that day. Please keep me informed if we =eed to change schedule as work proceeds.

Thank You,
Brian
