Subject: Consulting

Good Morning Jeffrey,

I wanted to check in and see if you have had a chance =o think about my suggestion about trying the role as Director of Properties=with you again. The family in Abu Dhabi just offered me an additional 1 mon=h contract (Until March 7th), but I'd much rather work for=you, so I wanted to see if you were interested in trying it out before I co=mit to their offer. I try to plan my consulting for at least 1 month in adv=nce, but I'd hate to accept their offer if you wanted us to work toge=her again.

I think it could work out well. I have learned a thing or two since=our last try, and with a different set-up on the islands, including a more =ualified manager and better engineer, I am convinced that we can bring the =haos to an end and finally turn it into the 5 star property you want it to =e. I can commit to spending as much time as needed on the island and be the=e prior to and during your stays to ensure the property is as you want it t= be.

Without extending the current contract, I will be back in the states arou=d Feb 6th.

Best,

John
