It's an early stage company and we're basically pigg= backing on Greylock/Reid for the exit so there really aren't that many cho=ces. I'll consult with you about any financial decision. I just think it wi=l look weird/bad if I don't have control of the fund. What do you think?

As we discussed, I think she'd be great to h=lp but probably not to run and be the head of the whole thing. She seems to=be telling Kevin that she has a special relationship with you and she knows=what you want. How should I/we deal with this. Can you talk to her or is th=re some way to signal that she shouldn't be running this? ;-)
