I went back to Abc, took more pics, got prices and want to make sure you are=happy because... When they pulled back more of the carpet on top of orange y=u can see little patterns in it.  
Also... Even though it is wool from one side the light catches it almost lik= it would do silk and it is shinier and lighter.  
(4th pic) Price \$ 2900 ( they say they can work on it a little for me)  
Size: 8x10
