Hi Jeffrey,

I won't be in on Thursday however Anna said that you wante= to go over the colors re the trim and the kitchen cabinets. Whateve= color you choose is obviously fine with me. My thought was a gray s=ain (vs paint) on the trim/doors and white semi-gloss for the kitchen cabi=ets. Perhaps we should think about the art work as well. The f=ames were coordinated with the trim and the doors so perhaps we could cons=der black frames with either black and white or color photos.

FYI - eight people were=fired from VIPA yesterday, some of whom only has less than a year to go be=ore they retired. It appears the David Mapp has the same mean streak=as his brother.

With warm regards,

Cecile de Jongh
