See Eric's response below. He says he can't help us.

Hi Barry and Lee,

I called Eric Roth and he is "the man" regarding what International Jet Interiors has to offer for G650 divan solutions. He mentioned they are restricted for the G650 16g certification of the divan as far as altering the structure, including replacement cushions.

Their solution is a topper mattress that is stored as loose equipment. Let me know if there is an additional question I should be asking.

Regards,

Tom

He is the owner of the company that Tom spoke with, we have met Eric in the past.

Perhaps the person Tom spoke with was not fully aware of the options available.

I have copied Tom on this reply and will ask that he call Eric this morning to see if there is other information and he can also let Eric know who he spoke with before in case improper information was provided.

We will let you know what we find out.

Best Regards,

Lee
