Robert Mugabe  
Speech ab=ut Racism  
Racism facts:

<=div>

1-Racism will not end as long as white c=rs are using black tires 2-Racism=will not end as long as we continue to wash white clothes first and other c=lours afterwards.

3-Racism will not end=as long as people continue to wear white clothes for happy occasions and bl=ck clothes for sad ones 4-Racism will n=ver end as long as people still consider black means bad luck and white mea=s peace 5-Racism will never end as long=as people who don't pay their bills are put in the black list and not the w=ite list 6-Racism will never end a= long as snooker rules state you have to sink the black ball and the white b=ll has to stay on the table to win.

But all this doesn't matter to me as I=am still using white toilet paper to wipe my black Ass !
