Dear Jeffrey,

How are you? Could you please advice me on efficient ways to find a=position in San Francisco? When I applied for jobs, Apple invited for inte=view for Russian linguist role but when they found out I do not have an ex=sting work permit, they said I cannot even take an interview test.

Masha rocks..I try my best to help her with potential investors, promoti=g her to all my friends and friends of friends. I am convinced her fund wi=l make the history. What do you think of her project?

Did you see this?

According to a report conducted by TechCrunch, only 7 percent of partners a= top VC firms are women. While there is an apparent gender divide amongst =ale and female VCs, a new study shows that women are better investors than=men. The big investment firm Fidelity found that female investors outperformed men by 0.4 percent in the past ye=r. The firm also discovered that female investors outdid men last year whe= generating a return on their investments.

Thank you!

Kind regards/Cordialement,
