He was at Harvard when I was a student. He hand picked a few students to teach. He didn't pick me. I told him he made a mistake. He agreed.

I accompanied him to a mixing session of his Marilyn Horne recording of Car=en on Deutsche Gramophone. He was the most brilliant musician imaginable= Very patient teacher, but didn't hesitate to say when he thought somethin= was crap.

Maniacal and frequent party attendee. I am amazed he lived as long as he d=d.

Just last night I was reading an interview with my f[REDACTED] at Mozart was all about resolving into the=dominant. Ending a piece on a diminished 9th would be very cool. Would no= invoke much finality, but would be original!

I would much rather talk to you re do we end the piece with a diminished =inth or thirteenth. . . a bit spooky if not in the dominant. . . or if =e do is it preceded by a major 7th or 6th. is the key d major or minor =. will that change the resolution of the 7th. Is the tempo consistant=through. should we put in some fortissimo otherwise it is boring.

however what i hear is my music guys and the people here say you must al=ays resolve into the dominant key. and they read an article that said i= you dont , you will violate the basic principals that they write their mu=ic by. . . and brads questions are why is a major chord ma=e up of thirds. AHHHHHHHHHHGHHHGHGH

I feel like we have examined virtually all aspects of what you mention. Still doing our work on publishing. Haven't discussed a Phaidon book on the collection. For publication?

Haven't discussed gaming either.

Would be glad to know more specifics on any of this.
