Subject: New years and flights

[REDACTED] says she is coming to island to spend new year with Ka=yna.
I am going to cancel our original plan (with Kimbal) and go to Br=ck in Costa Careyes.
So may I book a flight down to Puerta=Vallarta (airport closest to careyes). And then from Mexico straight to Lo=don.
I also want to look into the possibility of going to Tulum =or a couple of days (2nd -5th) to break up the flight and wait as long as = can in the sunshine. All the things I need to do in London can't be d=ne on that weekend anyway.
