Dear Jeffrey,
after our talk, I think that among the models Thom presented in his website

<https://cgc.physics.miami.edu/BASIC.html>

the favorite model, according to our discussion, seems to the theoretical=physics laboratory of the CECS in Valdivia, Chile. Of course, we will have=our own style, we will not just copy, but to point at a certain direction. Please take a look at this case in the website above, best, Eduardo=?xml version=.0" encoding=TF-8"?> <!DOCTYPE plist PUBLIC "-//Apple//DTD PLIST 1.0//EN" "http://www.apple.com/DTDs/PropertyList-1.0.dtd">
