Hello,

All keypads are laser engraved. Engraving is approximately a two week lead time. Most keypads will be consistent engraving as requested with the following nomenclature:

H for high

M for medium

M/L for medium low

L for low.

Keypads with global whole home commands may have temporary paper labels.

Regards,

Al

Hello Richard,

Below is the list of items from this week and the intended steps for next week.

- Identify all loads at all four panel locations.

- Document all keypad scenes in all locations.

- Friday-Monday Fourth floor panel will be removed and new panel installation will commence.

</=lockquote>

=blockquote type="cite">- Wednesday-Thursday-Friday: all keypad wiring will be traced, tested, labeled, and documented.
