

Poly Caribe Water Systems

Quotation

October 21, 2015

To: LSJ-LLC
Attention: Danny Vicars
[REDACTED]

RE: Waterfall Pump 5 HP

Poly Caribe is pleased to provide this quotation for a 5 HP submersible Goulds/xylem pump model PCSP-60 with rating of 40 to 80 gallons per minute. This pump is sized to supply 70 gallons per minute at 150 feet of total head. This pump has a Centripro submersible model PCSM-5, three phase, 460 vac, and 3450 RPM motor and will require a motor contactor with 3 phase class 10 overload protection Siemens/Furnas model PCMC-E3119, size 0 with enclosure and three thermal elements sized for this motor.

Price for liquid end, motor and standard motor starter. \$3,549.00

Shipping and clearance for the above described equipment. **\$250.00**

TOTAL OF ABOVE: \$3,799.00

All of the above equipment is available for immediate shipment and would arrive in approximately seven business days upon your request to order.

Upon your request to order we will require a 50% (\$1,899.50) deposit to place this order. The balance due would be required upon delivery to St Thomas VI.

We accept the above described equipment and terms. By _____,

Of LSJ-LLC. Date _____.

Best Regards, Don Goetz
