Exactly what =ancy said. So should I speak to the reporter?

What I find most important is that in =riginal complaint it says a complaint was lodged at the time with the =onference organizers. Then in the final report it concludes no such =omplaint was lodged. Indicating a lie.

So you can see what I am up against.. If/when Buzzfeed does something about this case that has been discredited by now 2 universities (with clear misstatements in the claim that were later shown to be false), you suggest I simply do nothing? If not, please advise. Also, whether I should be proactive at all in terms of threat of legal action etc... Thanks for your help.
