Jeffrey!!!! It was so much fun!!!!!! wow, such a finale for my family visit.. it's been nice to spend time in city with them but last couple of days where the best of all!! magical performance of the Phantom, then extremely exciting rides in six flags. Plus such a luxury to be hosted on 66th street.. Thank you so much...

Jeffrey, as my family leaves, I was wondering maybe I could stay in one of the apartments - if not entire time before I leave for [REDACTED], at least for few days after my surgery? The family that I was staying with asked me to move out starting from next week so basically after the surgery I won't have place where to go... I will understand if it's not possible - maybe you have everything fully booked...

Once again, thank you so much for everything.. I'm a really very lucky girl to have such an outstanding person in my life..
