Hi Jeffrey -

Just finished my inaugural semester teaching my "Music and The Brain" cours= at the Herb Alpert School of Music...

this summer am finally getting the Grammy project on the critically-ill inf=nts off the ground at UCLA...

I've been spending too much time doing medicine to feed the cow, not enough=neuroscience, not enough time working on my Oxford book, Cognitive Neurosc=ence of Music - I signed the contract this spring....

stealing time here and there to read Nietzsche's "Birth of Tragedy" - a mus=-read, Jeffrey...he later wrote in his "Maxims and Arrows", "Without music= life would be a mistake"...

I was nominated for the Board of Governors at the National Academy of Recor=ing Arts & Sciences and have grown close to Head of Creative at Universal =usic, Tom Sturges - he joined our Institute's Board last month,...unusuall= authentic guy for an A&R type - teaches inner city 5th graders creativity=music from 730-830A in the morning!...his ex is Miley's songwriter...

give a call, JE - too long since last kibbutz...worried about you and the c=aziesxxx
