Hi Richard,

I think Max is the one =ho needs to determine what his responsibilities as a trustee are. = can't advise him as that would be a conflict of interest with =y representation of Noam. I can, however, advocate for Noam and =rge Max to be more liberal with regard to distributions. I can =lso let Max know that in my view he is not required to confer with =arry when making his distribution decisions. Not only is he not =equired to confer with Harry, doing so gives Harry a voice that the =rust prohibits him from having. Perhaps I should give Max a call =o explore why he believes he needs to get Harry on board with the =ecisions, and that might help the situation. I can also write him = letter with regard to my interpretation of the trust terms. All =e is required to do is to consider the interests of the remainder =eneficiaries, not obey them. I agree the whole thing is a bit =dd.

Does this help?

Thanks,
Deborah

deborah,

spoke to max. he said that the =eason he was hesitant about sending noam money was that in the past
=pproximately 70k had gone to valeria.

since it was a marital trust he wanted to protect himself and =ad a duty to determine how the money was going
to be spent.

he thought you would have a view as to his ultimate =esponsiblity that would inform his decision. I find it =dd...
