Good=Afternoon Ann

Any decision? We will need t= plan our next step soon.  
=e have spray painted the aft bulkhead and will be installing the hydraulic t=nk tomorrow. The new cylinders have arrived today.

Rudders are welded up , fuel tank on stbd side is c=ean and new covers installed, fuel from port side being pumped to stbd=

I would like to get the decision on replacing f=el lines because they are mounted on aft bulkhead.

I will take pictures tomorrow.

Thanks

Gene
