I went out and checked depth with tape measure. Max dr=ft they could carry would be 8 feet and then it would still need to be con=iderably shallower at the bow. The first 40 feet out from our barge doc= are only about 3 feet deep.

Greetings Mr. Epstein,

Their other boat=is Mister B, which is larger than the General II, and just speaking now wi=h Roy and Andrea, requires a depth of at least 10 feet to dock at LSJ. =oy has estimates that the depth at the barge dock is only 7 to 8 feet at t=e most.

Andrea will keep us updated on when she receives news f=om Ms. Boynes on the General's return.

Respec=fully,
