How close can they come to matching the carpet?

Hello Eric,

Yes, 8 wee= lead time with Sacco. I had already checked this with them in the past wh=n I saw the exact same carpet in their showroom.

It is made up by their mill in Europe. They say they will send the mill our sample and they will match it exactly.

(My concern is whether this is the same mill that produces the Stark carpet or a different mill used by Sacco that will just match it. And whether this would be of concern for Mr Epstein. I want this clarified but my contacts at Sacco are out of the office and I can't reach them. They will be returning on Tuesday.)

Sacco is also unable to give me cost until Mark and Kim return on Tuesday morning.

Good afternoon Sue,</=>

Jeffrey found a carpet that he really likes for his Gulfstream.

The carpet is "produced" (realistically, sourced by...) Stark Carpet.

JE informed me that he has purchased many carpets from "Sako" and would like for you to call Sako and see if they can source this carpet.

I have attached the specific carpet information.

Should you have any questions, please do not hesitate to call me.

Thank you.

Eric
