Jeffrey,

Do you think if we installed BOSE system cube speakers in wood ledge flush mounted facing up, would this work?  
Or is this crazy?

If you like, I could purchase the best BOSE speaker system and place speakers facing upwards for a demo for Wednesday. I'll keep the box and return if you don't like the sound.

I believe a \$2,700 BOSE system should perform equal or better to Logitech system, if we go BOSE we gain HDMI video switchology. Should we try the BOSE? If it does not work, I'll return it.

What so you think?

Thx  
Larry
