No problem. I'll try to apply what we do from now on on a photo of existing!
Any pattern that strikes your fancy though?

On my way to airport. Land a bit before noon, back tonight at 11pm.
If you want diagonal, then we can try a 3'4" square grid with pebbles instead of grout. Then
there is minimum design. Planters on a parking is guaranteed disasters... They always wind up
broken.

yes i did,, You need to either be on site, or work with a photo. , we might need to add planters. I
have tried to do this from a distance , it does not work.   the new sketches are appreciated.
however i dont think they work . maybe we need a diagonal,, there is a opening to the beach at
the end of the path , and these sketches focus your attention on that,, the opening is not in the
drawing therefore misleading. when will you have an hour or two .?

OK!
Did you get the sketches I faxed for the parking at the library ? I'll resketch the steam shower.
I am with clients all day visiting houses leaving early with their plane and back later tonight.
Give me the complete list of what you want resolved aujourd'hui.
Robert
