Doug

attached is a kitchen program we all agree on.Jeffrey would like you to get it to Boffi and Balthup to elevate to a preliminary design,you may want to redraw it.He also wants you to give it to Mark Zeff to come up with a design,can Mark do 3d renderings ?if so that would be very helpfull.[REDACTED] has copies of the ceiling photos which would be helpful for renderings.Jeffrey likes the original lites
Let me know if the plan I sent is readable.

Gary
