How many side effects has this pepto bismol... You heal one place in our body, but destroy little by little others... At least than you r busy healing yourself all the time... And pharmacists make good money :)

All the pains is for the reason I think. you ate bad-next day you will have headache, you have cramps on your period-deal with it, bec mother nature is preparing u for labor!!! And here everybody is crazy about all pills!

I am not a genius that spends hours in labatory but I listen to my body.

I prefer talking on the phone than emails. (old recipe?) , PLlease read all about double blind studies, and what it means for rational thinking. Also the difference between cause and coincidence. I feel sad when people like Richard and his Wife Corey, tell me I am being careless , by not taking the time to explain things to you. THey thought you were charming, and pretty , but would always be at a disadvantage , by not taking the time to learn real things as opposed to eastern europe superstitions masquarading as facts . They tortured me, with the idea that young women of your age , could still be confused about things that make you feel good , and things that cure disease. prayer, homeopathy, foot cleansing, energy work, have been with us for thousands of years, not one of those has the same power as pepto bismol. the drug store cheap solution to digestive issues.for example
