Subject: NY Suburban Parking

Jeffrey,

[REDACTED] car is being shipped from Florida to NY and we will be parking it in a garage right across the street from where the Bentley and Suburban is being parked. We currently pay \$ 525 for each car and they want to charge \$ 500 for [REDACTED] car.

The other garage will give us 2 spaces for \$ 450 per month so I would like to move the suburban there starting September 1st, this will save \$ 125 per month for both cars. The Bentley cost is cheaper where it is now so no change is needed.

Thank you

Emad Hanna
