Subject: Senator George Mitchell

I called Senator Mitchell's office this morning and left word about the Yom Kippur Break-Fast dinner you would like to hold on Sat. Sept 18th. I specifically stated it would mean a lot to you if the Senator could join you for this. I also sent an email back up to his executive assistant reiterating (his executive assistant was not in and I spoke with her assistant)

The person I spoke with mentioned Senator Mitchell is back from the Middle East so I left another message for the Senator on his cell also reiterating it would mean a lot to you if he could join you.
