dear jeffrey

have tried to reach you by phone but life is a bit hectic on the road; lectured at the Brazilian Asssn for the Advancement of Science two days ago and fly tomorrow to Sao Palo to lecture at their university

i hope to arrive safely in Miami Thursday evening and plan to take a cab to Ft Lauderdale but i would be free to see you anytime on Friday or Saturday (I will probably fly late Sunday evening to Jamaica)

please do tell me where you will be and if a visit makes any sense; if not i will try to catch you at home 3 or 4 weeks later on my way up to Jersey

here is wishing you all the best

robert
