I will try to have something for tomorrow before you leave. For how long will you be away for?

[REDACTED], my good friend whom you met once recently (sending photo to remind) can come tomorrow around 5, she would really like to see you again!

I'm also meeting with [REDACTED] later today, you saw her photo, I think she'll say yes, but I'm not 100 percent sure you'll like her. She is a very nice person, just not quite your type, sending more pictures of her.

I don't think [REDACTED] will work out for this weekend, but I will make it happen, I really like her!

And as I said I'm meeting with 2 new over the weekend...

Jeffrey, I still will be very very happy if you come by my place sometime! Only 4 blocks away:)
