Subject: Smart Car

Jeffrey,

The Palm Beach Smart dealer has loads of 2009 left over cars they are looking to get rid of.

The convertible model your requesting is selling for \$ 18k and they informed me they will let it go for \$ 14k.

It has AC and power steering. What are the colors would you like for exterior and interior.

I will still negotiate the price of \$ 14k. Please note they do not sell to overseas so if we purchase we will need to register it in Florida and than we cad do whatever we want with it.

Thank you

Emad Hanna
