F!!!

I'm in NY, in 4m (which is wonderful!) and just jointly taught a 3 hour class at NYU --

email apnea, post-productivity and communications era computing, biofeedback and quantified self

FUN+

Taking a class Friday and Saturday from Norman Doidge (The Brain that Changes Itself) and Daniel Siegel (Mindsight & the Mindful Brain) on neuroplasticity.

Then to Chicago on Sunday for Father's Day....

much love and many thanks for this fabulous place to stay while I'm here!
