I am sorry I have missed you in Paris.

I am sorry also because I have not managed our relationship properly in regards to my husband. He happened to read our mails just when you arrived in Paris and since we hardly never talk about you (and, indeed, we had few contacts you and me these past years...) he had a feeling of betrayal and didn't know what to think about that; he told me he called you and we had a long discussion.

I realize how weird it is that he knows so few about someone important to me and vice versa, that you ignore the man that changed and share my life. In fact I have always wished to introduce Daniel to you but it is already so complicate and rare that we see each other! I must admit also that it is not easy to keep relationships with friends with different lifestyle. Perhaps also I incounsciously wanted to retain a part of my youth...

Anyway, next time I would really like the two of you meet to make everything simple and pure as it is and I will just be happy that you finally know the man that I love...!

We are on the french Riviera in Cannes during August.

Hope you had a great time in Europe.

bisous,
