I had a good first call with Liss made offer at \$2.30 he asked \$3.00 but went to \$2.75 pretty quick.

There is a logic to keeping the DNA business ,Bode, it is throwing off \$4.5 going to \$5.5 in free cash. At the end of 2011 we would have in the best case Bode,public shell ,and \$21-\$24,875,000 in cash

I will call you later
