Subject: are you FREE?

did everything work out? are you a traveling man again?

I spent all of July in hospice with my father. His Asian wife mostly denied him pain meds -- my sister and I advocated for him. Tough time. Died a week ago. I'm just back in Seattle. Sold my house and now have a week to move....

Hoping I can escape to SciFoo (at Google) this weekend.

Where are you planning to hang, mostly?

XOXO
