**Subject:** THANK YOU!!

Dearest Jeffery,

I found out from Erin Pepper (Steve's coordinator) the arrangements you made for the party tonight.

Although I am completely embarrassed and don't know what to say, I want to personally thank you very much for your help and generosity. We asked you to simply recommend a space and you went above and beyond. This is more than any gift I could ask for!!

Thank you very much and I better see you at the party!!!

I am sending you some thing small with Boris. I hope you like it!

Sam
