**Subject:** Pat from Sawyers

Pat from Sawyers has the phone in the bathroom working.

The buzz on your private line is not coming from within the house. It is a Verizon issue. They will come this Thurs. sometime between 8am and 8pm to check the ground line.

You can now page me in the Oval Office and it will ring at my desk instead of the phone across the room.

Pat still needs to work on the phone in the dining room. He was not able to today because you were holding meetings in there. (Rich will coordinate Pat coming back)
