Gary said he didn't have a kitchen designer in mind for LSJ.. He did ask Tom Hoch to contact a designer in Dallas that he's used in the past to see if they might be interested.

Gary said you need to decide if you are OK with Boffi's timeframe and wish to proceed with them.

What should I do about Boffi? Would you like them to proceed? Should I send them the \$5000 retainer fee so they can start the project?
