Jeffrey,

There was a crash at palm bch airport, Thursday night during take off, light twin engine Piper seminole, I believe same aircraft or similar plane Nadia did here multi engine rating. 4 people on board died, crashed about 200 yards from Boeing next to Galaxy Aviation, early preliminary indicates engine failure during take off, aircraft was to slow and cart wheeled down runway. all four people on board where commercial pilots from Melbourne flight school.

Just fyi info

Thx

Larry
