Subject: Re: S76 charter for July 21

I have contacted the owner of the private airport called CT66 in Washington CT, a doctor owns it,,,he is in surgery and will call me later for approval, I contacted Greg the manager of the Mayflower Inn for his help, I got his voice mail, waiting for his recommendation, and requested possibility of landing at their hotel/spa.

ps:

I am in contact with Howard and Chris to request only paying for live portion of the S76 charter, to my knowledge, this was our agreement with Sikorsky/Chris, when possible, due to helicopter location prior to trip departure, trip is 56 miles and should be only 20min flight from NYC to CT66 and of course we will use the AAG money account to pay for this. at this time, they said the S76n would come from Islip NY, as oppose to TEB (Teterboro).
