It was not henri's fault regarding Hound Dog.....the other movies were his start in the business....UFO is with Evans who is a great producer..henri is just the front man.  
Why are you not interested in Lokita?  
You should meet my partners..or at least talk to them.

Anyway...I am going into work tomorrow and will re load on the bathroom...

I will send you my book so you can see what I have done in the last few years.

We started this conversation regarding your project with a few things in mind, with positive energy related to the overhang house idea and smart ideas for the main compound..you asked for a proposal which I did and now you are both negative and rather disinterested in continuing the overall strategy which I understand

My proposal was not dedicated to the Bathroom. I was never under the impression that was to be my focus when visiting the island. Gary met with me for almost 45 min where we covered a lot of ground getting to understand what he was doing on island and what I could do for him, and then had to run. Mentioned the bathroom project and stated he needed help, we discussed what he needed and I assured him that we could help him with the outstanding info..I had toured the bathroom with the Electrician the day before as he showed me around. Aaron was MIA.  
Maybe your skepticism and distrust in my enthusiasm and ability seems to have come from Gary's impression of me which is not my problem as I know you know what I am capable of doing.

I am ready to work with you and dedicate myself to your project. To be fair I need a proper brief, proper project parameters and a some kind of contract

Regards  
Mark

where are we? re lsj.. re restaurant on 13 th, I have reviewed in detail the proposal , I'm sorry, but I have no interest . re the movie, henri has never been involved with a successful project.... never. Houndog was a financial disaster and his previous films added up to bupkis. For this money every great director priooducr is available.
