**Subject:** Jet Ski Floating Docks

Jeffrey,

I spoke to Carlos today about the floating docks for the jet ski and he mentioned to me that he would like to speak to you on Thursday when you visit LSJ so that he can pitch another option to you. He does not feel the floating dock will last more than a year and the guests usually have a tough time getting the Jet Ski's on and off them. So before we spend the money on them he wanted to run his idea by you if that is ok with you.

Please advise

Thank you

Emad Hanna
