Lyndon Lea.. Sharp brain and man. Good instincts. Bought Jimmy Choo amongst other brands. But then you know all that.

One of his senior partners in London is a lady called Mary Minnick she was head of branding at coca cola.. For 23 years.

I like Lion Capital.

I like Lyndon

Although sometimes his breath..!

He is a ruthless athlete and plays great polo, about a 2 handicap.

He is determined to be the best breeder of polo ponies and wants to buy a huge ranch near Tom Barack or was owned by Tom Barack I cannot remember in California..

He tried to buy Birds Eye but was outbidded by Blackstone.

If he does anything in food in the USA, it has to be with you and me, he should buy my brand, or invest in it, and we should take over the Weightwatchers market. Infact a brilliant idea.

Why don't you and Lyndon buy Weightwatchers...

And put me on as the head brand etc etc

Infact somebody approached me yesterday called Bob d'loren who is headhunting me to take over a diet system in The USA. Called The zone, whose name has changed to The Chef Diet.
