I spoke to Dr. Merrell who wanted me to pass along his "hello and hope you are doing well". He is very happy to organize a tour for Dite, but asked that I find out what she is truly interested in...what is her focus, so he can put her together with the proper person. I have sent an email to Dite re this along with his website ([www.healthandhealingny.org](http://www.healthandhealingny.org)) He said it is a fabulous website for her to look in to.

Dr. Merrell also wanted you to know the person you put him in touch with is in active communication with a doctor there who specializes in what the daughter needs....there has been lots of email consultation. Dr. Merrell said if you would like to email or call him re this he would be happy to discuss.
