I have sent most of the last couple days trying to solve what has happened. I do think you have been wrongly treated, I think simply because of misunderstandings. By that I am not sure how/who did not understand the D was to be a duplicate of 750 ( excluding items the D could not certify) My proposal is give me until 24 June COB to BEST AND FINAL for a duplicate of 750 in a D, also Sikorsky will at that time advise what if anything is not in the D that was in 750.

I think we have spent hours trying to bring this to an end, will you allow me this last push ?

Please advise
