Subject: TO DO List!

I have spoken with Story. I have his list from Friday June 18th...he is going to email what he updated from the 18th up to meeting with you today. Then he is going back and deleting all the things you highlighted for him to take off and will email me that list (I want to see the things you don't need to see so I will know for the future)

Story also spoke with Bill about getting something on line where everyone can log on to their own "To Do" List (but no one else's) to make updates...Then you will be able to log on to all lists to keep abreast.

I will speak with Story again after he makes today's adjustments from the lists.

☺ Les
