**Subject:** re: LSJ Slip C10 @ AYH

I called Jo Waling [REDACTED] today from AYH as I have not heard anything about the reduced slip rate from 1.16 to 0.91 as all the other boats pay. He said that he took this to his management and they could not make a decision so they forwarded to Andrew Farkas who will be calling you on this matter.

Facts:

- a) Proposed Charge by AYH =  $1.16 \text{ per foot} \times 55' \times 30 \text{ days} = 1,914.00 \text{ per month}$
- b) Proposed by RK /LSJ to conform with all other slips =  $0.91 \text{ per foot} \times 55' \times 30 \text{ days} = 1,501.50 \text{ per month}$

Net monthly difference = 412.50 per month

Annualized = 4,950 per annum
