Subject: Draft Serpentine Group

Your Royal Highness,

I would like to take this opportunity to inform you about the Serpentine Group ("SG"), an investment and advisory firm that I recently established in St. James, London.

SG focuses on developing, structuring and investing in a wide range of projects, specifically connected to the United Kingdom.

My deep admiration for your relentless work as the UK's Special Representative for International Trade and Investment serves as inspiration to the SG business model. Knowing your commitment to the UK and its trade and businesses I wonder if there is not more that could be done to establish a business network of unrivalled comparison.

Additionally and based on my thirteen years of business experience with China, SG will also be aiming to attract Chinese investors and companies to the UK market and relevant opportunities. I know this is an area of opportunity for the UK as a whole and is a priority for the UK government.

I would be most honoured to discuss this approach with you personally and to understand, if it were possible, how SG can support your crucial work.

Yours sincerely,
