Hi Abram:

I'll need to check that the house staff are in the house to receive the package before you send it. I'll get back to you shortly on where to forward the drawings as well as the panel. Thank you .

There were a few other things I had wanted to address with you via phone this morning, they are as follows:

- Exterior wall sconces
- Cogolin rug for bathroom
- Outdoor furniture (as Robert had seen in London and liked)

If you could forward me information as to how I can source these items, it would be much appreciated. These were all things we had been discussing and in agreement to move forth on.

I'd like to tie this all up by this Wednesday 16th, thus if talking via phone is easier in order to clarify, please lets arrange a call.

Kind Regards,

[REDACTED]

Hi [REDACTED]

I am sending the latest drawings to date (and meeting notes) by messenger to the house in New York this afternoon.

The shop in Paris just called. The panel should be in our office by Wednesday (June 16). Do you want it to be sent to Gary or to the house in New York? Please let us know. Again, sorry for the delay.

Best,

ABRAM MULJANA

Hi 

We will forward you a copy the latest drawings with pencil marks made during the last meeting (Thursday June 03, 2010) on Monday. They were the last drawings to date.

Enclosed is a summary of what were discussed in that meeting.

We are terribly sorry that the panel has not yet arrived from Paris as promised. We'll keep you posted, we are reminding them daily that we should have had the panel delivered by this week (the week of Monday June 07).

We have done some research on landscape lighting for this project and came to this showroom. Following is the contact where you can get the HIDDEN in-wall exterior lightings as discussed in last meeting:

Valerie Sloan from the Dulanski Group

Showroom:

IGuzzini

I will speak to Aamir and Ross about exterior wall sconces.

We have summer hours until Labor Day and our office will (officially) close at 1400 hours on Fridays.

All very best,

ABRAM MULJANA
