Can't wait for your july ressurrection! Back in grimy nyc (never so apparent than when one returns from clean pb) Rainy, windy landing! Thanks again for all the attention to us girls.. Ya know, I was thinking on the plane, so extra assurance against the israeli, would be fixing M up with some quality young man (or older man) of means and integrity--she needs a boyfriend! (Should I break into song now as Zero Mostel? Matchmaker+if I were a rich man medly??) xo
