Trying to figure some things out. Just did my second piece for Flyp on the new show at the New Museum (at flypmedia.com). Have to secure health insurance somehow, may need to sell my NYC apt, all in all a confusing and slightly depressing moment. Especially as I approach 60 on the 26th. Yikes.

Spent the day with Brice Marden at the great Cezanne show in Philly (my next piece for FLYP). So feeling elated. Teaching at SVA tonight - senior seminar preparing these young artists for the real world that awaits them. How fucking ironic can you get!

Let's talk this weekend. Thinking about you and your odd set up. Hope you are well.
