Jeffrey,

I spoke to my guy who is trying to get us a quote and the company he is dealing with is in Italy and he informed me that may be able to get a quote by tomorrow but its not guaranteed that he will.

He has contacted some other companies that have not been close on the price of the unit Gary has selected.

Gary,

I was not looking for a less durable Machine and I'm moving as quick as I can on this. I was not aware of any of the shipping issues that you just mentioned to me either

Thank you

Emad Hanna

Emad said you put a hold on the crusher purchase pending his pricing it out.

- 1.we reserched multiple manufactures to find equip that might last given our hard rock
- 2.the reccomended unit is the hardest steel unit we found
- 3.it is also the cheapest price of all the units with a 10% discount and canadian dollars
- 4.the canadian rep has a container being shipped from Italy which we can take advantage of if we pay by friday

please get emad to move quick and not get a less durable machine

Gary
